

# Environment Policy Statement

---

We, at Akzo Nobel Pakistan Limited are committed to ensure that our environmental performance meets relevant legal requirements and AkznoNobel's sustainable growth strategy.

In particular we will:

- Comply with environment related laws and regulations.
- Ensure that all activities are conducted in a manner which is consistent with AkzoNobel Health, Safety, Environment and Security Directives & Standards as relevant to the nature, scale and impact of the activities.
- Set targets and measure progress to ensure continual improvement in Environmental performance.
- Communicate openly on the nature of activities and report progress on our Environmental performance.
- Create a culture to exercise personal responsibility in preventing harm to environment and enable them to contribute to environmental protection.
- Provide appropriate environment related training and information for all employees.
- Optimize the use of natural resources such as raw materials, energy and water.
- Manage safe disposal of all wastes and minimise the waste generation so that their adverse environmental impact is reduced to a practical minimum.
- Regularly monitor the application of this Environment Policy.
